## LIVE ACTS & SPECIAL EVENTS

In our Oldtimer Bus we do not only offer pure dinner tours, from Thursday to Sunday our program is called „Live Act“. You will not only experience a great 3-course menu, but also fascinating encounters between the courses.

### Best Songs on the Road

With *Gaby*, the idea of the LiveAct was born. The first time I heard *Gabriela Jorge* singing was at my daughter’s prom. Her father had asked the band if his daughter could sing a song with them and they agreed. After her performance the whole hall was clapping loud and at that moment, it was clear to me that we needed a Dinnerhopping with „Live Act“.

*Gabriella Jorge*

On that same evening I asked her if she could imagine singing in our bus and *Gaby* luckily said ‚yes‘. We then went to the song selection and three months later we drove our first tour with live vocals.

As with all other „Live Act“ tours, we offer a three-part program where our singers perform some evergreens of the music history for you. They fit perfectly in our Crown Super Coach, which was built from 1948 to 1989 unchanged, also an Evergreen.

As the demand, especially for our LiveActs, grew, we started looking for more talented female singers. I then heard that the daughter of a childhood friend also sings quite good and I immediately arranged an audition. She was not just “quite good”, she was awesome and I couldn’t believe we now had two fascinating voices to present to you in our buses.

With *Lena Klupp* we can introduce you to a very talented young singer. She is as versatile as Soul, the mother of R ,n‘ B, Funk and Disco, guaranteeing hits of today.

*Lena Klupp*

As the years went by, our LiveAct team grew and now consists of 4 singers. *Janine Hecht*, also known from *The Voice of Germany* and *Kathi Junker*, who has already made a name for herself in our region, now are part of our team. Both fit perfectly into our young team. Their music styles fit perfectly in our bus and their nice and down-to-earth personalities as well but the most important is that their voices have blown us away.

## LIVE ACTS & SPECIAL EVENTS

*Kathi Junker*

*Janine Hecht*

Enjoy this evening with a singer singing songs by Norah Jones, Aretha Franklin, Etta James, Rihanna, Adele, Amy Winehouse, Michael Bublé and Ed Sheeran in our stylishly restored Dinner Bus. Songs that most of us are familiar with and that will make us sing and clap along.

### **Best Magic on the Road**

For our Magic-Dinner we have *Felix Walter*, who will take you into the world of magic with his solo show „Unexplainable in front of your eyes“.

*Felix Walter*

For his dexterity and techniques, the close-up artist has been praised several times by the President of the Magic Circle and you will ask yourself after the show how he does it? Enjoy extraordinary magic and unforgettable moments with the casual magician *Felix Walter* in our bus. The three-part show begins with a 15-minute front show in which coins, cards and balls disappear and reappear at unexpected places.

After the starter and main course, our magician will walk from table to table and enchant you individually. During his close-ups you can experience

*Felix Walter* right at your table.

The other guests are welcome to glance over his shoulders and look forward to seeing him come to their table.

Also here the demand became bigger and bigger and therefore *Felix* asked around the Magic Circle and recommended us the young newcomer *Oskar*. *Oskar* was able to convince us on his first tour. Here is a quote from Tripadvisor from the tour on 26.11.2018: „Even if the magician looked a little young, he enchanted us in the truest sense of the word“! The German Youth Vice Champion of Magic in Salon Magic 2018 fits perfectly in our Magic Dinner. It’s great fun to see his illusions up close and to puzzle desperately how he does it.

*Oskar*

## DinnerHopping.de - THE STORY

The Fragner family’s automobile history had already begun in 1922. Grandfather Hans was the first person of a small village near Freising to take his driver’s license. In the following years he then worked as a private chauffeur.

There he met his future wife and in 1937 they welcomed their son Hans-Peter.

Two years later, the family moved to Wels in Austria where they founded a driving school.

In 1945 they moved to Erding, where Hans at first worked as a driving teacher. Five years later he then

decided to start up his own driving school again.

At the age of 23, Hans-Peter his son also worked at the school. Three years later Hans-Peter had his first son Peter and in 1966 his second son Christian.

In the 70’s, Peter started importing and restoring vin-tage cars in the just opened old-timer garage.

At an early age, both his sons have been very engaged in the family business. They learned how to build vehicles up from scratch and still apply this knowledge with passion in their company today.

The younger son Christian took over the driving school in 1991. His brother became a car mechanic and part of the family business three years later.

In 1993, they imported a US Truck Freightliner from the States, which they completely rebuilt and used for their driving school as well as for diverse events.

After the construction of various show stages and the purchase of a second truck, the brothers bought their first US School Bus in 2004. They rebuilt the bus into a moving bar and

That’s Fit to Print“

founded the transport company Fragner. That was officially the Bus-Bar’s date of birth.

Due to the growing demand in Germany and Austria, one single bus wasn’t sufficient leading the Fragner’s to buy a second bus in 2005. This bus was the first to run our DinnerHopping program.

The business was growing continuously and in 2010 its fleet consisted of six school busses, which were capable of hosting 8 to 26

people. With several partners in Germany, the company can now access 15 vehicles at 7 different locations. Due to the great demand of company and group bookings, they then decided to sell single tickets for the DinnerHopping.

Thanks to the growing demand they were able to carry out their dream of buying a vintage bus, the CROWN Super Coach.

They purchased the bus in 2013 from Juan Beasley,

known as Chief Yellow Horse, son of the Wide Ruins Apache’s chief in Arizona. At that time the vehicle had already run 1,000,000 miles.

Two years later the second CROWN bus had been acquired and since then four busses have been rebuilt as moving restaurants.

The fleet is so equipped that we can offer from a “dinner for two” tours up to 55 people tours (here we drive with two busses).
